

Human Factors - The Aftermath

FAA Principal Airworthiness Inspector and former Safety Program Manager David Pepple will lead an in-depth discussion of the role that human factors can play in aircraft manufacturing and maintenance. NOTE: This event is open to employees of Praxair only. For additional information contact Dave Pepple at (207) 780-3263 x 101.

Directions: See mapping software or GPS.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
